DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claim 20 is rejected under 35 U.S.C. 102(b) as being anticipated by Williams [US 4,223,377].

Regarding claim 20, Williams discloses a light panel having a plurality of lenses [54] resting on ledges of a longitudinal support pan [10], a sealing material [60] disposed therebetween, and a plurality of illumination sources [36] as progressive illumination sources to direct person in a certain direction (figures 1-3, column 1 lines 20-25).

Allowable Subject Matter

3. Claims 1-19 are allowed.

The following is a statement of reasons for the indication of allowable subject matter:

Claims 1 and 13, the applicant has amended the claims to overcome the prior of records. An illuminated glass deck light panel comprises a plurality of load-bearing glass pavers resting on ledges formed in a longitudinal extending support pan and a plurality of light source directing light upwardly through the plurality of load-bearing glass pavers.

Claims 2-12 and 14-17 are dependent on claims 1 and 13, respectively.

Claims 18-19 have been indicated for allowance in the previous office action.

Response to Amendment

4. Applicant's amendment filed on 31 October 2005 regarding to claim 20, which the "blink illumination sources" was deleted, have been fully considered but they are not persuasive. The examiner believes that claim 20 is still anticipated by Williams [US 4,223,377] and rejected as above.

Conclusion

5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. F.L. Keppler [US 1,385,688] and Nau [US 5,390,090] disclose a glass pavement light.

6. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of
